

# INDEX.

- ABBOTT, A. C., a review of some of the more important contributions to our knowledge upon immunity and infection, 534
- Abdominal section, tuberculous peritonitis cured by, 48
- Abortion, death from pneumothorax following, 688
- Abortive treatment of buboes, 331
- Abscess, hepatic, and ameba coli, 201  
of lung, 455  
perineal, from an unusual cause, 296  
true pelvic, 237  
tuberculous, 217
- Abscesses in Pott's disease, 675  
of Pott's disease, the treatment of, 706
- Acarus sacchari, the, 546
- Accidents resulting from intra-uterine cauterization with Canquoin's paste, 17
- Acetonuria, relation of, to digestive derangement, 134
- Acids, digestive power of, 73
- Actinomycosis of the peritoneum, with recovery after operative treatment, 601
- Acute glanders or farcy, a case of, 678
- miliary tuberculosis, clinical remarks on a case of, 613
- spinal paralysis, a case of; death on the twelfth day; autopsy showing transverse cervical myelitis, 529
- yellow atrophy of liver, 394
- Address in medicine before British Medical Association, 223
- Adler, Lewis H., Jr., five cases of chronic mercurial poisoning, 186
- Advice, medical, for seventy-five cents a year, 135
- Agraphia, with word-blindness, 131
- Albumin in urine, the proportion of, 717  
maximum percentage of, in urine, 721
- Albuminuria, report of two cases of epilepsy with, mistaken for uremic convulsions, 507  
the salts of strontium in, 714
- Alcoholism, 109
- Alliance, the U. S. Medical Practitioners' Protective, 547
- Allen, Harrison, on the teaching of anatomy to advanced medical students, 736
- Allis, Oscar H., fracture in the upper third of the femur, exclusive of the neck, 585  
problems in surgery, 85
- Allyn, Herman B., paralysis following measles, 617  
treatment of common colds in children, 235
- Alopecia, 214
- Ameba coli, 107  
and hepatic abscess, 201  
dysentery, case of, with autopsy, 656
- American medical authorities, injustice to, 519
- Anatomical nomenclature, the fundamental principles of, 708
- Anatomy, on the teaching of, to advanced medical students, 736
- Anemia. injections of soda in, 194  
pernicious, pathology of, 445
- Anesthesia, local and general, 487
- Anesthetic, pental, a new, 714
- Anders, James M., acute articular rheumatism complicating acute endocarditis, 516
- Anticylic acid, a new antipyretic, 516
- Antifebrin, prolonged subnormal temperature following the administration of, 712
- Antikamnia, poisoning by, 547
- Antipyretic, anticylic acid, a new, 516  
treatment of enteric fever, results of, 685
- Antipyrin in the treatment of chorea, 516  
in whooping-cough, 630
- Antisepsis, is it a failure? 211
- Antiseptic tablet, a case of mercury poisoning by an, 512
- Apoplexy, cerebral, 231
- Appendicitis, 15  
suppurative, removal of the vermiform appendix from a child twenty-two months old, for, 513
- Aristol, new use for, 105
- Arsenic in wall-paper, 158
- Arsenite of copper in diarrhea, 353
- Arterial tension in phthisis, 47
- Artery, traumatic communication of carotid, and cavernous sinus, 428
- Arthritis following typhoid fever, 653
- Articular rheumatism with acute endocarditis, 191
- Artificial drums, 130  
eyes inserted within a week after enucleation, 689  
feeding of infants, 200  
quinine, 47
- Ary-epiglottic fold, a large varix of the left, 740
- Ascites, chylous, 332
- Ashmead, Albert S., pre-Columbian syphilis, 511
- Asphyxia, nitroglycerin for, 159
- Athetosis, 297
- Atmospheric conditions and pneumonia, 139
- Atrophy, a study of, 557
- Auditory meatus, worms in the, 599
- Ayres, Samuel, gastro-intestinal and hepatic disorders in relation to etiology of some cases of insanity, 1
- BACILLI, determination of number of, in tuberculous sputum, 106
- Bacillus coli communis, 669  
of Eberth, pleuritic effusion containing, 105  
of leprosy, 133
- Bandage, roller, for tabes dorsalis, 238
- Bangs, L. Bolton, stricture of the urethra and its treatment, 672
- Barium chloride from a clinical standpoint, 93
- Barker, William S., a case of glanders, 739  
influenza followed by pyemia, 713
- Bartholow, Roberts, a few observations on the mydriatic alkaloids, 671
- Base of the brain, penetrating wound of, through the left orbit, 657
- Bath, the people's, 334
- Bavaria, the priest-physician of, 717
- Bell, Samuel, a case of pleurisy with effusion, 543
- Belt, E. Oliver, rat-tail sutures, 660
- Benjamin, D., "the protective" in anti-septic dressings, 514
- Biggs, Herman M., inflammation of connective tissue, 173
- Bilateral pneumothorax, 18
- Billings, John S., condition and prospects of the library of the Surgeon general's office, and its index-catalogue, 350
- Binnie, J. F., fibro-myxoma of the nasopharynx, 542
- Black staining of diapers from use of salol, 428
- Bladder, dermoid cyst of the, 690  
urethra and, disturbances from instrumentation of, 118
- Blindness, word, with agraphia, 132
- Blood, specific gravity of, in disease, 330
- Bones and joints, tuberculosis of, 477
- Boric acid in the treatment of furunculosis, 544
- Brain, knife-blade found in, 95  
surgery, seven recent cases of, 501
- Breast, cancer of, cured by operation, 158  
results of removal of, 47
- Bright's disease, edema of larynx in course of, 47  
infectious, 19
- Brinton, John H., remarkable case of voluntary control of muscles, 599  
Stiles' test for carcinoma, 515
- Brodhurst, Bernard E., gonorrheal rheumatism: its effects and treatment, 648
- Bromides in epilepsy, 272
- Bromoform as a topical application, 45
- Brown, Paul R., report of five cases following gunshot injury, 257
- Buboes, abortive treatment of, 331
- Bullet in the skull for forty-three years, 570
- Burn by molten iron, 128
- Burnett, Charles H., relief of chronic catarrhal deafness, 14
- Burns and scalds, treatment of, 47
- Burr, Charles W., pathology of pernicious anemia, 445
- Burrell, Herbert L., abscesses in Pott's disease, 675
- CÆSAREAN section for giant infant, 331
- Cain, J. S., chronic endometritis, 32
- Cancer of breast cured by operation, 158  
uterine, radical treatment of, 641
- Canfield, William B., protection from disease, 209
- Canquoin's paste, accidents resulting from intra-uterine cauterization with, 17
- Cantrell, J. Abbott, unusual mode of transmission in a case of dermatitis venenata, 484
- Carbolic acid, gangrene induced by, 740
- Carcinoma of the breast, interstitial injections of corrosive sublimate in, 488  
nephrectomy for, 394  
Stiles' test for, 515
- Cardiac and arterial disease, venesection in, 5

- Carotid artery, traumatic communication of, and cavernous sinus, 428  
 Carpenter, James Stratton, barium chloride from a clinical standpoint, 93  
 Carpets and infection, 693  
 Case of ante-partum hour-glass contraction, 104  
   of multiple sarcoma, 65  
     sclerosis with intention-tremor in the face, 46  
   of picrotoxin-poisoning, 38  
   of skin-grafting from the frog, 103  
   of word-blindness with agraphia, 132  
 Castration for sarcoma of testis, 15  
 Cataract, 60  
 Catarrh, chronic gastro-intestinal in its relation to the etiology of insanity, 1  
 Catgut, naphtholated, for congenital ptosis, 134  
 Cattle-inspection, the necessity for an adequate system of, 605  
 Cauterization, accidents resulting from intra-uterine, 17  
 Caution as to Turkish baths, 691  
 Celluloid plates in the closure of trephine-openings, 690  
 Cerebral acetone-mia in acute articular rheumatism, 301  
   apoplexy, 231  
   hemorrhage, the diagnosis of, 702  
   surgery, 8  
 Chancere, excision of, 218  
   varieties of, 214  
 Chancroid, the etiology of, 643  
 Charity, perverted, 224  
 Chemistry of the small intestine in man, 518  
 Children, common colds in, 235  
   syphilitic spondylitis in, 453  
 Chloroform-inhalation, vomiting after, 105  
   poisoning, 688  
 Chorea, antipyrin in the treatment of, 516  
   senile, 159  
 Christie, R. J., Sr., operation for hydrocele, 599  
 Chronic endometritis, 32  
 Chrystie, T. M. L., congenital club-foot, with absence of the great toe and contiguous bones of the right instep, 510  
 Chylous ascites, 332  
 Circumcision, endocarditis following, 662  
 Cirroid aneurism of the foot, 602  
 Cities, refuse of, 159  
 Classification of mental disease, 159  
 Clavicle, fracture of, from recoil of rifle, 159  
 Club-foot, congenital, with absence of the great toe and contiguous bones of the right instep, 510  
   double, double club-hand and multiple deformities, case of, 541  
 Cocaine, enucleation with, 660  
   subcutaneous injections of, in trigeminal neuralgia, 602  
 Cohen, J. Solis, a very irregular foreign body in the alimentary tract safely voided under the potato treatment, 158  
 Cohen, Solomon Solis, bromoform as a topical application, 45  
   philosophy and homeopathy, 57  
 Colds in children, 235  
 Coli communis, the bacillus, the conditions of its invasion, etc., 669  
 College students, health of, 52  
 Combined pylorotomy and gastro-jejunostomy, 630  
 Commercial enterprise and progress in therapeutics, 334  
 Commercialism and The Medical News, 303  
 Complete outward dislocation of the radius and ulna at the elbow, 41  
 Compound fracture of the femur, 128  
 Compression, unusual, 128  
 Concealed rupture of perineum, 458  
 Condition and prospects of the library of the surgeon-general's office and its index-catalogue, 350  
 Congenital muscular wry-neck, 602  
   ptosis, naphtholated catgut in, 134  
   rickets, 194  
 Conjoined administration of potassic iodide and insufflation of calomel, 689  
 Conservation of living malarial parasites, 332  
 Constitution of the sweat, the, 662  
 Contracted pelvis as an evidence of degeneration, 246  
 Coplin, W. M. L., perineal abscess from an unusual cause, 296  
 Copper, arsenite of, in diarrhea, 353  
 Cornea, fluorescein-coloring and the actual cautery in ulcers of, 190  
 Correspondence—  
   Berlin, 225  
   Chicago, 54, 497  
   Cincinnati, 634  
   Leipzig, 281  
   Montreal, 137  
   Munich, 310  
   New York, 81, 283, 578, 719  
   Paris, 341  
   Rome, 610  
 Corrosive sublimate, interstitial injections of, in carcinoma of the breast, 488  
   the germicidal properties of, 219  
 Croupous pneumonia, the etiology of, 20  
 Curetting the uterus in puerperal fever, 515  
 Curiosity, a teratological, 243  
 Curiously mixed exanthem, a case of, most likely scarlatiniform, 712  
 Currier, Andrew F., a study relative to the functions of the reproductive apparatus in American Indian women, 390  
 Cyst, intra-ligamentous, with twisted pedicle causing intestinal obstruction, 299  
   of the pancreas, operative treatment of, 600  
 Cystocele, purse-string operation for, 266  
 DABNEY, S. G., inherited syphilis of the larynx, 426  
 Dallas, Alexander, the treatment of inguinal hernia, 622  
 Death from ether, 102  
   pneumothorax following abortion, 688  
   pyemia as a result of the sting of a fly, 601  
 Deaver, John B., operative treatment of diseases and injuries of the nerves, 141  
 Deformities resulting from infantile spinal and cerebral paralyses, operative treatment for, 697  
 Dembitz, H. C., premature diagnosis and premature treatment of syphilis, 229  
 Dentition and infantile disease, 331  
 Dependence, editorial, 443  
 Dermatitis venenata, unusual mode of transmission in a case of, 484  
 Dermatol, 134  
 Dermatoses of musicians, the, 602  
 Dermoid cyst of the bladder, 690  
 Detection of oleomargarin, 133  
   of tubercle-bacilli in sputum, the, 544  
 Determination of the number of bacilli in tuberculous sputum, 106  
 Diabetes, case of comparatively latent and quickly ending, after influenza, 427  
   mellitus, 159  
   gravidarum, 419  
 Diagnosis of cerebral hemorrhage, 702  
 Diagnostic value of Laveran's organisms, 317  
 Diapers, black staining of, from the use of salol, 428  
 Diarrhea, arsenite of copper in, 353  
 Dickey, John L., enucleation with cocaine, 660  
 Diet of ice-cream, cases of gastric ulcer cured by, 155  
 Digestive derangement, relation of acetone-uria to, 134  
 Digestive power of acids, 73  
 Digitalis, hot infusion of, in pneumonia, 65  
 Dilatation of the stomach following stenosis of the duodenum, 515  
 Diphtheria, 45  
   causes and prevention of, in cities, 262  
   treatment of, with the galvano-cautery, 458  
 Diplakusis, 690  
 Disease, protection from, 209  
 Diseases, infectious, of swine, 742  
   of the hip-joint, 36  
 Dislocation of the radius backward; reduction after eight weeks, 543  
 Distoma hematobium, hematuria due to, 105  
 Disturbances that may follow instrumentation upon male urethra and bladder, 118  
 Diuretic action of fresh thyroid juice, 602  
 Doctors, drummers for, 136  
 Dressings, antiseptic, "the protective" in, 514  
 Drinking-water of Washington, 526  
 Drummers for doctors, 136  
 Duodenal ulcer, rupture of, 131  
 Dysentery, etiology of, 324  
 EASTMAN, JOSEPH, a few thoughts on the technique of hysterectomy, 114  
 Echinococcus in joints, 516  
 Ectopia testis, 714  
 Ectopic pregnancy, report of a case of, 710  
 Eczema capitis, 71  
   suggestions as to the nature and cause of, 123  
 Edema of the larynx in the course of Bright's disease, 47  
 Editorial dependence, 443  
   independence, 432  
 Effusion, a sign of pleural, 690  
 Eichberg, Joseph, hepatic abscess and the ameba coli, 201  
 Elbow, outward dislocation of the radius and ulna at the, 41  
   joint, the treatment of fractures of the humerus involving the, 385  
 Electricity, recent executions by, 79  
 Electro-magnet, removal of a fragment of steel from the retina by means of the, 630  
 Electrostatic treatment of strangury, 458  
 Elimination of microorganisms in the sweat, 332  
 Ellett, E. C., results of the antipyretic treatment of enteric fever, etc., 685  
 Employment for the insane, 195  
   of insane in the Eastern Michigan Asylum at Pontiac, 430  
 Endarteritis, a case of extensive syphilitic, 689  
 Endocarditis following circumcision, 662  
   ulcerative, 129  
 Endometritis, chronic, 32  
 England, Frank R., ulcerative endocarditis, 129  
 Enterorrhaphy, circular, 488  
 Enucleation with cocaine, 660  
 Epilepsy, influence of, upon secretion, 105  
   prognosis in, 680  
   treatment of, with the bromides, etc., 272  
   report of two cases of, with albuminuria, mistaken for uremic convulsions, 507  
 Epileptic insanity: its etiology, course, and treatment, based on the observation of one hundred cases, 562  
 Epileptics, the temperature of, 662  
 Eruptions, syphilitic, 214  
 Erysipelas, acute facial, 12  
   and acute suppuration in the middle ear, 595  
   etiology of, 332  
   of the tongue, 105  
   the streptococcus of, the non-specificity of, 714

- Eshner, Augustus A., the diagnosis of cerebral hemorrhage, 702
- Esbridge, J. T., case of fracture of twelfth dorsal vertebra, followed by injury to the spinal and sympathetic nerve-supply of the bowel in the region of the ileo-cecal valve, 417
- gunshot wound of left cuneus with right homonymous hemianopsia, 456

## Society Proceedings—

- Association of American Anatomists, 466  
 Association of American Physicians, 371, 408  
 British Medical Association, 161  
 Congress of American Physicians and Surgeons, 354, 359, 395  
 Congress of Tuberculosis, 197, 250, 379, 339  
 Soda, intravenous injections of, in anemia, 194  
 Specific gravity of blood in disease, 330  
 Spelling of medical words, 221  
 Spina bifida, 157, 484  
 Spinal abscesses, on the evacuation of, without drainage, 597  
 cord, suspension in, 292  
 Spinous processes, wiring the, in Pott's disease, 624  
 Spondylitis, syphilitic, in children, 453  
 Spurious womb-disease, 624  
 Sputum, tuberculous, determination of the number of bacilli in, 106  
 Stammering, hysterical, 220  
 Steel in iris for twenty-seven years, 428  
 Stenosis of the duodenum, dilatation of the stomach following, 515  
 Sterility in the adipose, 159  
 Stewart, C. S., arsenite of copper in diarrhea, 353  
 nitro-glycerin, 658  
 Stewart, David D., the utility of suspension in disease of spinal cord, 292  
 Stillbirths, two avoidable causes of, 213  
 Stimson, Lewis A., treatment of fracture of humerus involving the elbow-joint, 385  
 Stings of insects, remedy for, 48  
 Stiles's test for carcinoma, 515  
 Stockton, Charles G., motor disturbances of the stomach, 113  
 Stomach, hairy tumor in the, 134  
 motor disturbances of the, 113  
 Stomatitis aphthosa, the etiology of, 614  
 Strangury, electrostatic treatment of, 458  
 Streptococcus of erysipelas, the non-specificity of, 714  
 Stricture of the urethra and its treatment, 672  
 Strontium, salts of, in albuminuria, 714  
 Strumous inguinal lymphadenitis, so-called, 569  
 Stuart, George A., bismuth subnitrate as a dressing for the umbilical cord, 713  
 Study of atrophy, a, 557  
 Study relative to functions of reproductive apparatus in American Indian women, 390  
 Subnormal temperature, prolonged, following the administration of antifebrin, 712  
 Successful laparotomy for traumatic rupture of the small intestine, 690  
 Suggestions as to the nature and cause of eczema, 123  
 Summer care of infants, 79  
 Summers, J. E., Jr., removal of the vermiform appendix from a child twenty-two months old, for suppurative appendicitis; recovery, 513  
 Sunstroke, 244  
 Supernumerary fingers and toes, 556  
 Supplemental treatment of paralysis of acute anterior poliomyelitis, 422  
 Suppurative pyelo-nephritis, a case of, consequent upon renal calculus, 655  
 Supra-vaginal extra-peritoneal hysterectomy, including Porro operation, 183  
 Surgeon-general's library, condition and prospects of, 350  
 Surgery, problems in, 85  
 Surgical cases, report of five, following gunshot injury, 257  
 lesions, syphilis in its relations to the repair of, 731  
 treatment of pulmonary gangrene, 740  
 Suspension in disease of spinal cord, 292

- Sutures, rat-tail, 660  
 Sweat, the constitution of the, 662  
 Swine, infectious diseases of, 742  
 Syphilides, tubercular, 71  
 Syphilis, cerebral, 331  
 in its relations to the repair of surgical lesions, 731  
 pre-Columbian, 511  
 premature diagnosis and treatment of, 229  
 recent advances in the treatment of, 178  
 retarded hereditary, 393  
 therapeutics of, 76  
 Syphilitic endarteritis, a case of extensive, 689  
 eruptions, 214  
 spondylitis in children, 453  
 Szadek, Charles, recent advances in the treatment of syphilis, 178  
 TABLES dorsalis, roller bandage for, 238  
 Tapeworm and water-supply, 46  
 Taylor, Henry Ling, the value of mechanical treatment in old and neglected cases of Pott's disease, 651  
 Taylor, J. Madison, an instance of curiously mixed exanthem—most likely scarlatiniform, 712  
 Taylor, R. W., the etiology of chancroid, 643  
 Temperature of epileptics, 662  
 typhoid fever with low, 188  
 Tendons, Dr. Rhoads's method of lengthening, 598  
 restoration of defects in, 661  
 Teratological curiosity, 243  
 Testis, castration for sarcoma of, 15  
 Theory and practice of wound-drainage, 320  
 Therapeutic value of hypnotism, 429  
 Therapeutics, commercial enterprise and progress in, 334  
 of syphilis, 76  
 Thomas, Frank W., strangulation of vagina through a ring pessary, 514  
 Thoracentesis, 271  
 Thoracic duct, rupture of, 332  
 Thorndike, Paul, disturbances following instrumentation upon male urethra and bladder, 118  
 Thoughts on the technique of hysterectomy, 114  
 Thread- or seat-worms, 69  
 Thyroid gland, purulent inflammation of, following pneumonia, 488  
 juice, the diuretic action of fresh, 602  
 Tic convulsif, 220  
 Tinea tonsurans, 71  
 Tinnitus aurium, treatment of, 67  
 Tobacco, poisoning from external use of, 273  
 the use of, in intestinal obstruction, 629  
 Tonsils, ignipuncture for hypertrophied, 245  
 Tooth-plate, esophagotomy for the removal of a, long impacted in the esophagus, 106  
 Topical application in diphtheria, 527  
 Torticollis, observations on—with particular reference to the significance of the so-called hematoma of the sterno-mastoid muscle, 473  
 Total abstinence, or the moderate use of alcohol, 664  
 Toulmin, H., diagnostic value of Laveran's organism, 317  
 Tower, F. J., milk infection, 151  
 Townsend, M., the treatment of abscesses of Pott's disease, 706  
 Toxic effects of atropine, 666  
 Tracheotomy for a melon-seed in the trachea, 659  
 Traction and fixation in Pott's disease, 568  
 splints, some new lateral, for treatment of hip-joint disease, 725  
 Transmission from one person to another of the poison of the rhus toxicodendron, 555  
 of tubercle-bacilli from mother to fetus, 48

- Traumatic communication of carotid artery and cavernous sinus, 428  
 cortical epilepsy, operative treatment of, 570  
 detachment of placenta, 194  
 laceration of the urethra, 659  
 Treatment of abscesses of Pott's disease, 706  
 of aneurism of aorta by potassium iodide, 105  
 of burns and scalds, 47  
 of congenital ptosis by means of naphtholated catgut, 134  
 of fractures of humerus involving elbow-joint, 385  
 of goiter by enucleation, 660  
 of infectious diseases, 333  
 of influenza, the, 741  
 of inguinal hernia, 622  
 of pulmonary tuberculosis by vaccination, 47  
 of tinnitus aurium, 67  
 Trephine openings, celluloid plates in the closure of, 690  
 Trigeminal neuralgia, subcutaneous injections of cocaine in, 602  
 Tubercle-bacilli in sputum, to detect, 488  
 the detection of, in sputum, 544  
 transmission of, from mother to fetus, 48  
 Tubercular syphilides, 71  
 Tuberculin, Koch's further studies upon, 604  
 lupus of eleven years' standing cured by, 326  
 modification of the treatment of lupus by, 740  
 pathological changes produced by, 193  
 purified, 601  
 value and limitations of, 244  
 Tuberculosis and diagnostic value of tubercle-bacillus, 88  
 congress of, 195  
 of the bones and joints, 477  
 removal of apex of lung for, 332  
 surgical, 246  
 Tuberculous abscess of abdominal wall, 217  
 peritonitis in a child cured by abdominal section, 48  
 sputum, determination of number of bacilli in, 106  
 ulceration of skin and glands, 43  
 Tumor, fatty, 216  
 hairy, in stomach, 134  
 Tumors, malignant, gummata of the biceps brachialis, kidney, and epididymis, simulating, 733  
 uterine, comparative data in treatment of, 205  
 Turkish baths, caution as to, 691  
 Turnbull, Laurence, artificial drums, 130  
 treatment of tinnitus aurium, 67  
 Turner, James A., a case of malarial hyperpyrexia, 660  
 Two new cases of filaria sanguinis hominis, 649  
 Typhoid fever, 297  
 and insanity, 253  
 arthritis following, 653  
 laparotomy for intestinal perforation in, 591  
 rare complications of, 153  
 with low temperature, 188  
 Tyndale, Hilgard, pre-tuberculous condition, 425  
 Tyson, James, report of two cases of epilepsy, with albuminuria, mistaken for uremic convulsions, 507  
 ULCER, gastric, cured by a diet of ice-cream, 155  
 rupture of a duodenal, 131  
 Ulcerative endocarditis; autopsy; remarks, 129  
 Umbilical cord, bismuth subnitrate as a dressing for the, 713  
 Unique case of intussusception, 686

- United States Medical Practitioners' Protective Alliance, 547
- Unusual mode of transmission in a case of dermatitis venenata, 484
- Untrustworthiness of the lay press in medical matters, 603
- Uremic convulsions, two cases of epilepsy, with albuminuria, mistaken for, 507, symptoms, morphine for the relief of, 29
- Urethra and bladder, disturbances from instrumentation of, 118  
stricture of, and its treatment, 672  
traumatic laceration of the, 659
- Urethrotomy, external perineal, 714
- Urine, maximum percentage of albumin in, 721  
retention of, 301  
sarcinae in, 458  
the proportion of albumin in, 717
- Use of morphine for relief of certain uremic symptoms, 29
- Uteri, pregnancy after conservative ventral fixation of retroflexed, 72
- Uterine cancer, the radical treatment of, 641  
hemorrhage, method of controlling, 104  
tumors, 205
- VACCINATION, treatment of pulmonary tuberculosis by, 47
- Vagina, strangulation of, through a ring-passary, 514
- Van Hook, Weller, laparotomy for intestinal perforation in typhoid fever, 591
- Varieties of chancre, 214
- Varix of the left ary-epiglottic fold, a large, 740
- Venesection in cardiac and arterial disease, 5
- Vermiform appendix, removal of the, from a child twenty-two months old, for suppurative appendicitis; recovery, 512
- Vertebra, fracture of twelfth dorsal, 417
- Vision, impairment of, public institutions as sources of, 246
- Vivisection, human, 137
- Vocal bands, paralysis of, and icterus, 458
- Voluntary control of muscles, remarkable case of, 599
- Vomiting after chloroform inhalation, 105
- WALL-PAPER, detection of arsenic in, 158
- Wasdin, Eugene, case of ameba dysentery, with autopsy, 656
- Washburn, W. H., causes and prevention of diphtheria in cities, 262  
use of morphine for relief of certain uremic symptoms, 29
- Washington as a meeting-place, 396, 582, 666  
drinking-water, 525, 526
- Water-supply and tapeworm, 46
- Weagly, T. H., self-retaining palate retractor, 271; corrected illustration of, 498
- Weekly cost of care of insane in American asylums, 51
- Welch, William H., the bacillus coli communis, 669
- Werner, Marie, B., comparative data in treatment of uterine tumors, 205
- What to do for incipient cataract, 60
- Whiskey Trust *versus* the Live Stock Commissioners, 715
- Whitman, Royal, observations on torticollis, 473
- Who can be medical experts? 565
- Whooping-cough, antipyrin in, 630
- Wilbert, W. J., a case of farcy or acute glanders, 678
- Wilder, Burt G., the fundamental principles of anatomical nomenclature, 708
- Willard DeForest, operative treatment for deformities resulting from infantile spinal and cerebral spastic paralyses, 697
- Williams, J. W., case of occipital hydran-cephalocoele, 629
- Wilmarth, A. W., prognosis in epilepsy, 680
- Wiring for comminuted fracture of patella, 15  
the spinous processes in Pott's disease, 624
- Wirt, Wm. E., case of double club-foot, 541
- Word-blindness with agraphia, 132
- Worms in the auditory meatus, 599, 667, 722  
thread- or seat-, 69
- Wound-drainage, theory and practice, 320
- Wright, G. A., on congenital muscular wry-neck, 602
- Würdemann, H. V., erysipelas and acute suppuration in the middle ear, 595
- YELLOW fever in Rio, 327
- Young, James K., ligation of the external iliac artery for femoral aneurism, 483
